Eric,

The sediment FSP is also up for approval tomorrow, and if approved will go out late Wednesday or Thursday. In terms of the treatability evaluation, are you referring to Carl's memo about appropriate leachate testing, or something else?

Thanks Jim. Any word on when the sediment FSP will be sent to us? Also, I do not believe we have yet received the treatability evaluation. It may have gotten misplaced in our move. Can you confirm when it was sent.

Eric

Eric, we should be able to get you the boring logs and transects tomorrow after Exec. Thanks, Jim.

All, I think that the 11:00 am time slot on Monday works best for us. Still waiting to confirm but I think this is our best shot. I am envisioning this as a call if we can get transects ahead of time.
